Howard Leight™
Cap-Mounted Earmuffs
Howard Leight and North®. A unified solution.
Howard Leight Cap-Mounted Earmuffs

Honeywell has expanded the Noise-Blocking Earmuff product line to include Howard Leight Cap-Mounted Earmuffs to work with North® Hard Hats and Face shields. This expansion will greatly benefit users as the earmuffs have been engineered to seamlessly integrate with hard hat (now including Full Brim) and face shield to provide an effective system for worker head and hearing protection.
Howard Leight Leightning® Earmuffs
Maximum protection, contemporary design
- Robust steel construction withstands demanding use, especially in tough environments
- Features patented Air Flow Control™ technology for optimal attenuation
- Snap-in ear cushions make replacement quick and easy

Howard Leight Thunder® Earmuffs
Top-of-the-line protection and comfort
- Dielectric construction suitable for all workplaces, especially electrical environments
- Features patented Air Flow Control™ technology for optimal attenuation
- Snap-in ear cushions make replacement quick and easy
- Quick-Click height adjustment remains fixed during wear

Leightning® L3H
For use with North Hard Hats and Face shields
- Same attenuation as North Intruder cap-mounted earmuff
- Sleek design, lower profile cups attract less dirt for better hygiene
- Easy height adjustment provides a better fit for greater wearer comfort
- Ear cups snap in place during use and swing back when not in use

Thunder® T1H
For use with North Hard Hats and Face shields
- Higher attenuation rating than North Mustang and Hornet cap-mounted earmuffs
- Sleek design, lower profile cups attract less dirt for better hygiene
- Easy height adjustment provides a better fit for greater wearer comfort
- Ear cups snap in place during use and swing back when not in use

Face Shield Slot
New design allows for attachment of North Face shield visors for complete integrated protection on the job

Hard Hat Slot Clip
Easily and securely attaches earmuffs to several models of North Hard Hats

Fork Design
Simply press down on the fork to snap earmuffs into place

Colors
Same classic colors for both models

Leightning® EM7206-HL (NRR 27)
EM7209-HL (NRR 26)

Leightning® EM7206-HL
For use with North Hard Hats and Face shields
- Same attenuation as North Intruder cap-mounted earmuff
- Sleek design, lower profile cups attract less dirt for better hygiene
- Easy height adjustment provides a better fit for greater wearer comfort
- Ear cups snap in place during use and swing back when not in use

Thunder® EM2177-HL (Red, NRR 23)
EM4157-HL (Blue, NRR 23)
ASSEMBLY IS A SNAP!

A. Push earmuff clips into slots on hard hat
B. Push arms of face shield bracket through slots in earmuff mount
C1. Lightning L3H style: push on earmuff forks until cups snap into place
C2. Thunder T1H styles: push on earmuff cups until they snap into place
When not in use, earmuffs turn back and stay in place when not worn.
Howard Leight Cap Mounted Earmuffs work together with these North Hard Hats and Face Shields:
