Howard Leight®
EM7206-HL
Thunder®
EM2177-HL (Red)
- EM4157-HL (Blue)

Leightning®
Howard Leight Leightning® Earmuffs
Maximum protection, contemporary design
Robust steel construction withstands demanding use, especially in tough environments
Features patented Air Flow Control™ technology for optimal attenuation
Snap-in ear cushions make replacement quick and easy

L3H
For use with North® Hard Hats and Face shields
Same attenuation as North Intruder cap-mounted earmuff
Sleek design; lower profile cups attract less dirt for better hygiene
Easy height adjustment provides a better fit for greater wearer comfort
Ear cups snap in place during use and swing back when not in use

27 NRR

Howard Leight Thunder® Earmuffs
Top-of-the-line protection and comfort
Dielectric construction suitable for all workplaces, especially electrical environments
Features patented Air Flow Control™ technology for optimal attenuation
Snap-in ear cushions make replacement quick and easy
Quick-Click height adjustment remains fixed during wear

23 NRR

ASSEMBLY IS A SNAP!
A.
Push earmuff clips into slots on hard hat
B.
Push arms of face shield bracket through slots in earmuff mount
C.
1. Leightning L3H style: push on earmuff forks until cups snap into place
2. Thunder T1H styles: push on earmuff cups until they snap into place

New design allows for attachment of North Face shield visors for complete integrated protection on the job
Ear cups snap in place during use and swing back when not in use

Fork Design
Simply press down on the fork to snap earmuffs into place

Colors
Same classic colors for both models

Face shield bracket clips directly to attachment mount of North Face shield which fits suitable integrated protective eyewear
